Highest Draft Selection Is 167 In County

Executive Secretary Wayne Boswell said today that Random Selection Number 167 is the highest lottery selection number reached in 1970 through the Coffey County Local Board No. 16 as of September 29, 1970.

However, she said that may be necessary to go above Random Selection Number 167 in order to meet the remaining 1970 draft calls.

Clerk Boswell said that in compliance with the Executive Order signed by the President on September 29, all registrants of Local Board No. 16 who hold the highest reached number, or numbers below the highest reached number, and who have not been issued orders for induction due to any circumstances, will be considered for carryover into the extended priority selection group if they are classified I-A as of December 31, 1970. Such young men will have their liability for induction extended for the first three months of 1971.

Registrants in Class I-A on December 31, 1970, whose lottery numbers were reached by their board during 1970 but were not issued orders for induction will be given top priority for draft calls during the first three months of 1971. They will be called ahead of members of the 1971 draft pool during those months. However, as has been previously announced, no local board should induct men from the 1970 pool who have sequence numbers above 165.

The local board clerk said that the Executive Orders held a number above the highest reached number of Local Board No. 16 are classified I-A on December 31, 1970, will be placed in a lower draft priority group on January 1, 1971.

Elba To Meet Geneva On Gridiron Friday

The Elba Tigers did not play a game last Friday night. They took a much deserved rest. However, they will be back in the thick of things this week as they journey to Geneva on Friday night.

The strong Geneva team is the same one that beat Elba in the Peanut Bowl last year and has been beaten only once this year. They lost to Opelika two weeks ago in a game played in Geneva.

Elba will be relying on the expert running of its senior running backs, three of them in the top four in average rushing yards. Dennis Smith, who leads the South Alabama Conference with a 101 average on 74 carries, is by far the leader in total yardage with a whopping 750 yards.

Donnie Holley is in third place, only a fraction of a yard behind Smith. He is averaging 62 carries, and a total of 500 yards. He is followed by David Stinson with a 7.8 average on 72 carries. Stinson has a total of 500 yards and is fourth in the conference in scoring with 5 TD's.

The scoring department Dennis Smith has dropped to second place with 46 points. The alarming thing to Elba football fans is that Greg Ross of

TOUR OF THE ORIENT

By Mrs. Kinney

Bangkok is the fabulous capital city of Thailand, flowers beside it. The country once known as Siam, scene of the Broadway musical and motion picture, "The King and I." The word that means free and the name was changed in 1948 when the king gave up his absolute power and gave the people a constitution and parliament. Bangkok retains much of the beauty of those bygone days, but it is mixed with modern hotels and apartment buildings. On our way in from the airport we noticed each had a small

shrine draped with fresh flowers beside it. The people are ninety percent Buddhist and these are spirit houses built in case a structure covered the resting place of a departed one and his soul needed a new home.

We visited the Royal Palace Grounds, scene of the King and I. The present king is one of the children taught by the English teachers of the story and because so many people wanted to see the way in from the airport we noticed each had a small

ally divided according to the amount of service performed, with each group of railroads receiving the same proportion of the rate for the same amount of service.

The signing congressmen object to the unfair divisions of freight rates as being economic discrimination against the South.

In the petition, the sections maintain the inflated Northern divisions "would raise an artificial barrier against the movement of Southern goods to Northern markets and thereby, discourage the establishment

and expansion of business and industries throughout the South."

Northern railroads have been trying for several years to get the ICC to give them more than an equal share of these rates.

In order to offset some of their financial problems, because this would reduce their revenues by millions of dollars each year, the Southern railroads have vigorously resisted this claim for preferential Northern divisions of the rate.

The Southern Governors' Conference has fought against the Northern railroads' claims.

"Pete" Monroe Given Death In Murder Trial

Carl James Monroe, age 26, of Brundidge, was sentenced to death last Wednesday (October 21) for the September 4th slaying of Linda Ann Harden, age 20, of Elba.

The trial had begun Tuesday with the selection of a jury of nine men and three women. The prosecutor, District Attorney Lewey Stephens, was about to begin calling witnesses when the court appointed defense lawyers announced that their client wished to make a statement. Presiding Judge Riley T. Green heard the statement in chambers and after assuring himself this was what the accused wanted, allowed him to plead guilty of first degree murder.

The state began calling witnesses with a state Toxicologist, James L. Small, of Montgomery. Five other witnesses were called by the state and Stephens rested his case at 11:30 Wednesday morning.

Elba Tigers Defeat Geneva 16-7 Friday

The Elba Tigers were holding their heads high Friday night when they defeated Geneva 16-7. They had just beaten the Geneva Panthers by the score of 16-7. This was virtually the same as the Geneva Panthers defeated Elba in the Peanut Bowl last year and they had been soundly defeated by the Panthers in some loud boasts about what they planned to do this year. Their only other defeat was to the mighty Elba in a 1-0 upset for the TD. With only 135 left in the first quarter Elba was on the scoreboard with six points. The PAT failed. The Tigers kicked to Geneva and the Geneva deep quarter to open the game safely man fumbled the ball, scooped it up and eluding several Elba tacklers, carried the ball back to his own 45 yard line. One of the Elba players to miss this was Don Wambles. Wambles quickly re-deemed himself with a crashing tackle on the very next play. Phil English followed with an alert play on a Geneva screen pass, and dropped the receiver for a 4 yard loss. Early in the 2nd period, Elba had the ball on its own 20, lat and ten, when a creasing number of starting tackles for the Tigers. The Tigers don't depend entirely on Smith for forcing running either. Rounding out the awesome rush of the Tigers from the Wash-bone T are Donnie Holley, David Stinson, and quarterback Danny Greel. The determination of this entire team is shown by Holley. Last week he was in the hospital Friday, and went out to play in the Geneva game on his hurt ankle. He was still in the hospital, but he carried the ball 16 times for 63 yards and 50%.

Nancy Brock Honored At University

Miss Nancy Brock, daughter of Mr. and Mrs. Ben J. Brock of Elba, was recently chosen Alpha Sigma Phi 1111 Sister at the University of Alabama. She was also appointed co-chairman of the 1970 Homecoming committee and is an Associated Women Student's representative. Elba-Andalusia To Play Here

Elba plays host to the Andalusia Bulldogs this Friday night and it promises to be a good game. Andy has a record of five wins, one loss and one tie, having lost to Geneva 3-0 in the rain and tied with Troy at the first of the season.

Andalusia has been doing a good bit of passing but this last week against T.R. Miller they came out in the Washbone T made famous by Texas and the Elba Tigers.

Also, their quarterback senior Paul Spears has rushed for 446 yards and five TD's this year at Andalusia. He played his first three years of high school ball at Florala, moving to Andalusia with his family last spring and earning a starting position with Coach Traywick's Bulldogs.

The Andy team doesn't lead in any of the other statistics departments but the entire team is fast and is capable of upsetting the Elba Tigers (or anyone else). The people of Andalusia feel they have a good chance of breaking the perfect record Coach Atkins has in the Elba-Andalusia series since serving there as an assistant coach and the Tigers have to work to defeat the determined Bulldogs.

ELBA ACTION 4-H OFFICERS are shown above. They are from left, seated: Cheryl Clark, Secretary; Melanie Carnley, President; Ann Martin, Vice President; STANDING, Alice Brunson, Devotional Leader; Paula Taylor, Reporter, and Babe Bruce, Recreation Leader. The exhibit carried a peanut theme.

STATEWIDE RACES FOR NOVEMBER 3rd

Statewide only ten places are contested in the general election next Tuesday, November 3. Alabama will be faced with 8 parties on the ballot, but with only one complete with nominees for every office right on down to county levels. Only one county place is challenged in Coffee County, which is for Coffee County School Board, Place No. 5, where the Democratic nominee, Elma Brock, the first Negro woman to run for an elective office in this county, is opposed by Marion J. Sanders, who is serving the term vacated by the death of Carl Brooks, who died just a short time prior to the Democratic primary in May.

MacDonald Gailion is a candidate on the Alabama Independent ticket and is the only nominee on that ticket. He is running in medic training at Ft. Polk, La. From there he will be assigned to overseas duty and is expecting to be sent to Vietnam.

He wrote a poem after arriving at Ft. Polk and sent it back to his folks about the service, which is entitled "Soldier's True Prayer."
